VIDEO

Atlas™ : The Power of Industrial performance, the promise of a green future.

Neutralize the invisible threats

Industrial processes generate hazards that compromise your safety and the planet. Our solutions ensure up to > 99% destruction efficiency.

- Pyrophoric & Flammable Gases
- Toxic Compounds
- Corrosive Effluents
- Harmful Particulates
- Global Warming Gases

Swiss Environmental Compliance

Swiss legislation strictly mandates the abatement of Perfluorocarbons (PFCs) and other greenhouse gases. Non-compliance is no longer an option.

FUEL OR NON-FUEL. YOUR GREEN TRANSITION

Up to > 99% destruction. For a sustainable future.

Atlas™

Application : ETCH 300/CVD 600 Slim
Technology : Burner-Washer
Energy type : Fuel Machine

iAreca™

Application : Speciality needs
Technology : Cold bed chemisorption
Energy type : Non-Fuel Machine

Proteus™

Application : ETCH 150 Slim
Technology : Plasma-Washer
Energy type : Non-Fuel Machine

Protron™

Application : ETCH 300/CVD 600 Slim
Technology : Plasma-Washer
Energy type : Non-Fuel Machine
